| MISSION HEALTH is a federally qualified health center in the heart of Atlantic City. It is an affiliate of AtlanticCare. This clinic cares for a large portion of homeless, diabetic patients in the area. Most patients have no health insurance coverage and use the emergency department as their primary care. I spent time with the physician as well as teaching the vulnerable about lifestyle modification. | 8 HRS 5/19  
 3 HRS 5/22  
 3 HRS 5/29  
 8 HRS 6/15  
 8 HRS 6/12  
 8 HRS 6/19  
 8 HRS 6/26  
 8 HRS 7/13 |

**Note:** This form is only for approval of planned clinical hours. Formal documentation of actual clinical hours occurs within the intern log system.

Clinical Objectives & Clinical Evaluation Form

Student Name: **LARIDER RUFFIN**

Preceptor Name: **MARYBETH SALMONSEN**

Course (highlight one): DNP 7102  DNP 7103  DNP 8000  DNP 8001  DNP 8002

**Section I: Clinical Learning Outcomes:** The student establishes the learning outcomes for the clinical experience. Outcomes need to be measurable. At the end of the experience, it is the responsibility of the student to evaluate achievement/measurement of the objectives. The clinical mentor contributes to the student growth with additional comments, but is not responsible for evaluating. The courses, DNP 7102 & 7103 focus on the aspects of prevention and health promotion activities within the DNP Essentials. Therefore, the objectives for these experiences should be related to those activities. DNP 8000-8002 focus on the DNP Project and applicable objectives are related to the project.

*note: there should be one evaluation form for every experience.*

The purpose of this experience is to assist the student to:

**Section II: Evaluation**

Evaluation of the student occurs throughout the DNP Project courses (DNP 8000, 8001, 8002). The clinical mentor will comment on the student’s progress in meeting the contract-specified learning outcomes.
